Daniel Sánchez

Senior UX/UI Designer

danielsanchez_2@hotmail.com
Montevideo, Uruguay
danielsdesign

I'm a UX/UI Designer based in Uruguay, with **over 10 years** of experience in software and web design. My core skills focus on **prototyping, UX research, accessibility, and development with web technologies.**

Spanish (native) | English (bilingual) | Portuguese (basic) | Japanese (learning)

Experience

Senior UX/UI Designer

Switch Software Solutions | 2018 - 2026

Created experiences for several web and mobile apps, mainly on fintech, logistics, and retail. My work involved research, prototyping, front-end development, and also internal support for marketing and sales.

Web Designer/Developer

Mi Agencia de comunicación | 2017 - 2018

Crafted tailor-made enterprise websites and landing pages for both local businesses and global brands, like Mercedes-Benz. I was responsible for the full process of prototyping, development and deployment.

Education

Bachelor in Multimedia Design

Universidad ORT Uruguay | 2015 - 2019

Bachelor in Computer Engineering

Universidad de la República | 2014 (unfinished)

Baccalauréat in Computer Science

Also certified as Computer Technical Assistant

Escuela y Liceo Elbio Fernández | 2011 - 2013

Tech focus

My connection to the more technical side of IT (because of my education and life-long interest for the field) has proven to be quite useful: it lets me **communicate more effectively and build trust with developers,** and stay ahead of the curve when it comes to new tools and opportunities.

Holistic approach

My inquisitive nature, paired with my attention to detail and commitment to quality, leads me to take a holistic approach: I act not only as a designer, but also as a **business analyst**, a **researcher** and **marketer**.

Accessibility

I have a passion for the intricancies involved in designing (and developing) accessible products, and **I have the experience to make them a reality, no matter the budget.** Accessibility is not a buzzword, nor a plus: it IS the product.

Certifications

Planning and Storytelling for Ideation Workshops
Ahoy Innovation | 2025
